I'm Here to Fight Fingal's Inequality Towards Us

**✓ No. 1**

**ROBBIE LOUGHLIN**

**INDEPENDENT** *The Only Local Candidate*

Hi Folks,

My name is Robbie Loughlin and I am 45 years old, living in Lanesborough since 2004. I have 6 children, none of whom have even seen a swing in our local park. We are the only area in Fingal with a park and no playground.

I work for St. Michaels House and have done so for nearly 25 years, caring for the disabled. I founded the Lanesborough Residents Association and sit on the Meakstown Community Council. For 3 years I've been fighting for facilities and services for our area. To get these issues on the political table, we need somebody to represent us at the table.

I am not a politician so I will not make promises to you that I cannot keep. I am very passionate about our area having better facilities, especially for our many young people. Since 2016 I have been fighting for our area, aided by some great volunteers to get facilities which every other part of Fingal has. We have been abandoned and ignored by Fingal County Council and its structure which takes massive amounts of money from our area and returns very little.

SEE REVERSE

04 BACK

Continued....

18 Years to get the park fence finished. The only park in Fingal without a playground. Yes, a playground and a community centre have been promised... We need an elected representative to get them actually completed. Alongside that we need addressed: A school! Consultation about future developments. An actual local area plan currently denied to us by Fingal. A cross council plan between DCC and Fingal CC. Private management estates with council input which also address people paying management fees and property tax for very little in return. Proper roads, lighting and traffic lights. Youth facilities. Crime issues... of which we are under siege.

Now other candidates not from our area will promise to "do something" about the above (even though they don't know our issues. They are answerable to their party first (if in one) and their local people second. We were left behind places like Swords, we cannot now be left behind Blanchardstown. The odds are against me and I need every one of you to vote and make a real change. Every single vote does count! I pledge to represent everyone in our area equally. I know the issues... Let me get into Fingal CC and shame these people into putting our needs on the table. No master plan for the area... No local area plan for the area. Shame on Fingal county council.

I have sat at tables with other community groups who look for bigger playgrounds and bigger community centres. Enough is enough. I will not put up election posters. Three years of dealing with politicians, planning, Fingal CC, community groups, the Gardai and having our issues sidelined for those of other areas has to stop. They think you will not vote. It enables them to do nothing for our area. I say things as I see them. They don't want me spoiling their private party. Other candidates are dropping leaflets - You can see our issues are not relevant to them. Please abandon party politics - It abandoned us a long time ago. Local issues need to be represented by a local person. I will represent anyone with an issue in their area. Our diverse community deserves far better. Let's change that together!

I would add that I will represent anyone in our electoral ward no matter where you live. There are a lot of hard working people being left behind, and also people with real needs forgotten about too.

**You can contact me at 085 104 3825 with any issues.  
A vote for myself is a vote for our community. Thank you all!**
